ERA WAS FIREMAN

Ship Identify Photograph of
man as That of Stoker.

(EXCLUSIVE DISPATCH.)

Jan. 25.—Samuel de Valera, "president of the ship," slipped into Ireland past the guarding cordon of the British coast guard.

He was today from officers of the ship.

He wore rough clothing and a white sailor cap. He was finally signed for the trip at the British Consulate with three British sailors, who were procured by Matthew A. Hanley Company, shipping agents.

DID HIS WORK.
On the two weeks' trip across the Atlantic, Merry, who had signed a "pay off" at London, went through the regular routine of the ship, no cause for suspicion among the crew.

Officers today recalled that Merry appeared to be a man of education. He once remarked to Chief Engineer Hunt that he had been in Mexico.

When the Southwestern steamer slipped into her dock in London, Merry tried to land, but he was barred by English immigration officers. They based their refusal on the ground that he was a suspected alien. Shortly after Merry disappeared without making the pay due him for the trip.

Merry's passport, secured at right to me, commented Captain Ramsay today, "but it didn't seem right enough for the British consul who refused to let him land."

Slipped off the ship while we were up in London. We still have him money."

ALAMEDA IS WILL COST FIVE MILLIONS.

Submarine Base Here Means Big Outlay by United States Government.

City on Bay to be Selected.

Choice Made by Congressional Committee, is Rumor in Nation's Capital.

San Diego Will be Aviation Headquarters; San Pedro Submarine Base.

(BY A. P. NIGHT WIRE.)

WASHINGTON, Jan. 25.—Alameda, on San Francisco Bay, is understood to have been selected by the joint Congressional committee as the site for the main naval fleet base on the Pacific Coast.

San Diego is the committee's choice for the principal aviation base and San Pedro for the submarine base. Establishment of another aviation base on the north coast at San Point, Wash., also will be recommended.

The committee's recommendations are expected to be announced formally later this week. They will include several minor bases on the Pacific Coast. Alameda was selected for the main fleet base in competition with Mare Island, where the navy yard now is located, and two other cities on San Francisco Bay.

HAS ADVANTAGES.
The Navy General Board, it was said, recommended Alameda for the main base because of several advantages it was said to have over Mare Island and Hunter's point, including that of deeper water. The committee's decision is not final, and does not involve abandonment of the Mare Island yard which, under committee plans, would be retained for the accommodation of smaller vessels.

Expenditure of \$25,000,000 for the Alameda base is proposed, but the question of future appropriations is not within the jurisdiction of the committee.

Its recommendations regarding site locations, made after personal visits last summer to the west coast and in conference with naval officials, are to be presented to Congress for action in case appropriations should be authorized. A subcommittee headed by Senator Fournier, Republican, Washington, is drafting the committee's final report for approval late this week.

PRESENT OF CITY.

ALAMEDA, Jan. 25.—The proposed naval base at Alameda will be among the largest in the world, according to government estimates. It will cover eight and one-third square miles in the 240 acres donated to the nation as a free gift by the people of Alameda, at a special election last year.

The base will extend from the Oakland inner harbor out into San Francisco Bay to a point near the present man-of-war pier, and eastward to a point south of the Alameda bathing beaches.

Nearly 3000 acres more are available to the navy if necessary. The base will be used to repair, victual and otherwise supply the Pacific Fleet. Among the buildings projected is a six-story warehouse, 1500 by 100 feet, two 1150-foot dry docks, three piers, a ferry slip and a dry dock pier also are provided for.

The site has been inspected by the Joint Congressional Committee on Naval Affairs, Secretary Daniels, the Admiral McKean Board and the Joint Congressional committee.

How to Make a Gray Hair Remedy

Mrs. Mickie, the well-known New York actress, now a grandmother, and whose hair is still dark, recently made the following statement: "Gray streaked or faded hair can be immediately turned black, brown or light brown, whichever shade you desire, by the use of the following simple remedy that you can make at home:

"Merely get a box of Orlex powder at any drug store. It costs very little and no extra to buy. Dissolve it in 2 oz. of distilled or rain water and comb it through the hair. Full directions for use come in each box. One box will last you for months.

"It is safe, does not rub off, is not sticky or greasy, and leaves the hair fluffy. It will make a gray-haired person look many years younger." (Advertisement.)

Recommendation by the Joint Congressional Naval Committee that the principal submarine base on the Pacific Coast be located at Los Angeles Harbor, which, according to Associated Press dispatches, will be made officially at Washington later in the week, will mean the expenditure here of about \$25,000,000 by the Federal government and will crown with success efforts extended early in the three years by the city authorities. The Harbor Commission and the Chamber of Commerce.

Establishment of the submarine base by the government follows a long-standing offer of the city to donate a site of 165 acres at the harbor. This offer, at the suggestion of naval authorities, was amplified in October, 1918, when the city agreed to donate an additional fifty-three acres, which will make the whole submarine-base plant cover 219 acres.

The Los Angeles Harbor submarine base project was first mentioned in the city of Los Angeles by the report of the Helms naval commission, which inspected the harbors of the Coast, a view to the strengthening of naval defenses on the Pacific. This Helms commission report advised the natural and strategic advantage of Los Angeles Harbor as pointing to this city as the logical place for the location of the Pacific submarine fleet.

The location of the harbor with reference to other ports, availability of fuel supplies, shore currents and the prevailing comparative placidity of the ocean, as well as the sandy formation of the ocean bed off the harbor, were all listed as advantages in favor of centering the Pacific Fleet's submarine force here.

The 219-acre submarine base site lies just to the left of the breakwater, on the inner side of the harbor, and is almost at the foot of the limits of Port MacArthur last summer and inspected the site. During that same trip examination was made of the Alameda site, which is to be recommended for the main naval fleet base, and of the proposed Navy aviation base at San Diego and at San Point, Wash.

The fifty-three acres promised in the original site of 165 acres has been owned by the Southern Pacific Company, and part of it was leased to the American Trona Company. The city council, in January of last year, agreed to a compromise price of \$800,000 for this acreage.

Typists are Wicked; Chorus Girls Demure

THAT'S WHAT NEW YORK SECRETARY OF STATE'S FIGURES ON CRIME REVEAL.

(EXCLUSIVE DISPATCH.)
ALBANY, N. Y., Jan. 25.—The lady of the chorus is a much maligned person. She is not a naughty girl, or if she is she's clever enough to submerge her identity under the crime wave. In many instances she is just a little red head who divides her time between the white lights of the stage and the bright lights of the police station.

That's about the conclusion Secretary of State Lyons has reached. He has just had the crime wave under the microscope, or whatever his scope is, for grouping crime, and with the aid of his staff and his adding machine, he learned that 21,063 men and 273 women were convicted last year. This total of 21,336 criminal convictions is 12.4 less than in 1919.

Of all the women only one was a chorus girl. Stenographers were eight times more wicked than the ladies of the chorus, for just that number of them paid the penalty of having been caught. Home burglars have been responsible for the fall of 79 lady cooks, 17 housekeepers, 3 milliners, 4 laundresses, 2 seamstresses, 4 teachers, \$3 doctress and \$3 waitresses.

Farmers were among the toughest guys of the year for whether it be to "hook" the farmer or whether they got into the tolls. There were eighteen farm hands and one farmerette.

Clerks and chauffeurs, it seems, are beyond hope. In each class 181 were convicted. At least the clerk said they were clerks and the chauffeur no doubt about the chauffeurs. But the chorus lady is vindicated.

SYNDICALISM STATUTE IS UPHOLD BY COURT.

WASHINGTON SUPREME BODY AFFIRMS CONVICTION OF MIKE HENNESSY, I. W. W.

(BY A. P. NIGHT WIRE.)
OLYMPIA (Wash.) Jan. 25.—Washington's criminal syndicalism statute, passed by the 1918 Legislature, was upheld in an opinion handed down by the State Supreme Court today, affirming the conviction of Mike Hennessy in Superior Court of Clark county, based upon Hennessy's alleged affiliation with the Industrial Workers of the World.

Answering the contention of the defendant that the syndicalism act is an attempt to punish constructive treason, the court held that "treason as defined by the Constitution does not deprive the State legislature of the power to enact laws to prevent the teaching of crime, violence or sedition as a means of overcoming the existing order of government."

HOME TEACHERS ARE AUTHORIZED IN BILL.

MEASURE PRESENTED IN OREGON IS FOR WORK AMONG FOREIGN BORN.

(BY A. P. NIGHT WIRE.)
SALEM (Or.) Jan. 25.—Under a bill introduced in the Oregon Legislature today, school boards would be authorized to employ "home teachers" for purposes of Americanization of foreign-born children and parents.

It would be the duty of the teachers to work in the homes of the pupils and instruct children and adults relative to school attendance, sanitation, the English language, household duties and the fundamental principles of American government and citizenship.

ALLEGED MAIL THIEVES INDICTED FOR CRIME.

(BY A. P. NIGHT WIRE.)
DALLAS (Tex.) Jan. 25.—The Federal grand jury today returned indictments against Albert Rowan, Ben Luna, W. S. Scribner and three other persons whose names are withheld until their arrest, charging conspiracy to rob and robbery of a post-office here January 14.

One count charges that the bandits carried away mail, bonds and currency valued at approximately \$234,000.

House Gets Sheppard-Towner Bill.

(BY A. P. NIGHT WIRE.)
WASHINGTON, Jan. 25.—The Sheppard-Towner bill for protection of maternity and infancy, recently passed by the Senate, was reported today by the House Interstate Commerce Committee.

BILL PUTS HIGH TAX ON THE MIDDLEMAN.

PURPOSELY SO, DECLARES CALDER; WOULD ELIMINATE UNNECESSARY ARTICLE.

(BY A. P. NIGHT WIRE.)

WASHINGTON, Jan. 25.—Taxes on coal dealers as provided in the Calder coal-regulation bill have purposely been set high "to drive the coal straight from the mine to the consumer," Senator Calder today told the Senate committee considering his measure.

It is the intention of the bill to "tax out of existence" many unnecessary middlemen, he said, adding that it would be shown "where coal moving on the rails has been sold three or four times."

The public last year, he said, was mulcted out of a billion and a half dollars by men in the coal trade.

"The coal industry we are reaching first," Senator Calder retorted. "Coal is a necessity."

J. M. Armstrong, general manager of mines for the Pittsburgh Coal Company, testified that the "pay-roll cost" of producing coal, which included all labor charges, had increased 136 per cent since 1916.

He said that if not prevented from running full time by "lack of cars, lack of business and lack of miners" the Pittsburgh company could produce "20,000,000 tons of coal in the year of the 11,000,000 we produced last year."

CABLES CONFERENCE TO RECONVENE SOON.

(BY A. P. NIGHT WIRE.)
WASHINGTON, Jan. 25.—The International communications conference, which recessed its sessions here last month after failure to agree on disposition of the former German cables, will be reconvened in the near future, Norman H. Davis, acting secretary of State, and head of the American delegation, said today.

STRIKES A SMALL FILIBUSTER WHEN BROUGHT INTO SENATE FOR CONSIDERATION.

(BY A. P. NIGHT WIRE.)
WASHINGTON, Jan. 25.—The Fordney emergency tariff bill was brought into the Senate for consideration today, but immediately ran into a small filibuster. Merits of the bill and reasons for its early enactment had scarcely been outlined by Senator McCumber, Republican, North Dakota, before Senator Harrison, Democrat, Mississippi, launched an attack which continued until adjournment.

Facing in forcing delay in consideration were considered sound by opponents of the bill, inasmuch as the Finance Appropriation Bill is scheduled for tomorrow and several other money bills are expected to be ready after that measure is out of the way.

Senator McCumber appealed for action on the ground that the bill would affect more than 30,000,000 people. Senator Harrison charged that Mr. McCumber wanted "to save a few people by making the rest of the country pay the bill." Such a tariff as asked on wheat, he said, could do nothing but increase the price of bread, while the cost of living should be lowered.

The bill, he said, was being used to "hook" the farmers and he asked the Republican side whether only two Senators were seated, if it were not wrong "to fool your constituents so soon after election."

PROPOSE CHANGE IN STATE GOVERNMENT.

(BY A. P. NIGHT WIRE.)
ST. PAUL, Jan. 25.—A bill to provide for a constitutional amendment to reorganize the legislative department of the State government was introduced in the House today.

Abolishing the Senate, the measure would provide for a House made up of members from various occupations. There would be one representative for each 2000 voters engaged in agriculture, mining, mechanical, domestic and clerical service, each member to receive a compensation not in excess of that received in civilian life.

Prices Down On Women's Shoes

Eastern Makers Dispose of Large Quantities at Heavy Losses.

Regular \$6 to \$10 Values to be Sold Here at \$3.

A few weeks ago many well-known manufacturers of Women's Shoes found themselves in a serious predicament. Retailers all over the country had been forced to cancel orders—or had no ready money to pay for shipments received.

It was a delicate situation, calling for careful action on the part of the makers if they were to retain their trade and be able to finance further manufacturing.

As a result many of them decided to take back goods shipped to various parts of the country and cancel many other orders.

But this left them with large stocks on hand—ones that were made of excellent materials purchased at high prices and made to retail at \$6 to \$10.

In order to turn these large surplus stocks into money so that they could go ahead, these makers of fine Women's Shoes decided to offer thousands of pairs for cash at an enormous loss.

Just at this time one of Los Angeles' largest shoe wholesalers—Mr. Emil Olevitch of the Western Shoe Co., 227 S. Broadway, happened to be in the Eastern Markets. He seized this extraordinary opportunity to get these high-grade women's shoes at astounding low prices. Tomorrow he is placing this stock of some 10,000 pairs before the women of this city. The only restriction made by the makers when they made the sale was that their names and brands must not be advertised.

These are the same sort of shoes being sold by all retailers at \$6 to \$10 in town today—same in style, quality of materials, workmanship and finish. To the women who desire to save \$3 to \$7 a pair, they will be sold tomorrow at one flat price of \$3.00 at the Western Shoe Co., 227 So. Broadway.—[Advertisement.]

WESTERNERS SEEK ACTION.

Urges Senate to Pass Reapportionment Bill as Is.

Eastern Lawmakers Work to Retrieve Lost Ground.

Harding to be Asked to Appoint Shipping Board.

WASHINGTON, Jan. 25.—Western Congressmen are urging the Senate to pass the Reapportionment Act passed in the House at this session. Eastern Senators are endeavoring to amend the bill to provide for an increase of fifteen members, thus replacing the loss in Vermont, Rhode Island and Missouri and a few other States.

One of the reasons why the westerners seek action is because the State Legislatures are in session now and can pass the necessary reapportionment acts dividing the States into proper Congressional districts to carry out the provisions of the Reapportionment Act as it passed the House. Another reason is that they fear that, with the changes brought about in the composition of the new House and Senate, a drive of the eastern men for increases to replace the losses may succeed.

In Missouri, where there is a loss of two seats for the first time since the Civil War, there is a Republican Legislature and there is an opportunity for the first time, to undo all the Democratic gerrymandering that has been going on in that State for the last fifty years. It will practically insure a Republican Congressional majority from that State for many years to come.

In the Republican Senatorial caucus recently, Senator Sutherland insisted on a plan to increase the number of members of the House to 450 but this program was frowned upon by Senator Lodge and some of the other leading Republicans who insisted that the Senate should make no change in the law as it passed the House. This was on the ground that the matter was one exclusively in the control of the House members and should be so respected.

Manufacturers of the Middle West

and East want American ships built during the war to carry their finished products to foreign lands. Almost every factory is over-extended and organized beyond the need of domestic demand and unless an outlet is speedily forthcoming there will be serious economic disturbances.

For this reason great pressure is now being brought to bear on President-elect Harding to get the immediate appointment of a complete Shipping Board coincident with the announcement of his Cabinet.

The Senators are insisting that he name the biggest business men he can get, regardless of their service to the party in this connection. They are pointing out to him that the United States is on the threshold of a world trade development greater than the domestic trade development which followed the Civil War and that not a moment can be wasted in making the Shipping Board an efficient and well organized part of the government.

HUNDRED MILLIONS FOR PUBLIC ROADS.

HOUSE COMMITTEE REPORTS
ON APPROPRIATION FOR
FISCAL YEAR.

(BY A. P. NIGHT WIRE.)
WASHINGTON, Jan. 25.—Appropriation of \$100,000,000 for public roads during the next fiscal year is proposed in a bill reported today by the House Roads Committee.

The bill is a substitute for one by Representative McArthur (Rep., Oregon), which proposed Federal appropriations for four years.

Members said the limitation was decided upon because they did not want to have it appear that Congress was attempting to tie up the incoming administration.

Arrangements were made today to call up the measure February 1 under suspension of rules and endorser to put it through as a means of relieving unemployment.

In addition to the general appropriation, the sum of \$1,000,000 was authorized for roads and trails in the national forests.

Heavy penalties are provided in cases of persons convicted of defrauding the government through misrepresentation or shoddy work.

FORMER OVERSEAS CAPTAIN
DIES FROM POISON IN
JAIL AT CHICAGO

(BY A. P. NIGHT WIRE.)
CHICAGO, Jan. 25.—Anthony W. Aub, a former overseas captain in the aero service, and said to have been a major in the New York police reserves, died here today from effects of poison. Aub recently was arrested on a charge of embezzlement.

He left a list of debts, which he was unable to pay, mentioning among his creditors, residents of Los Angeles, San Francisco and Berkeley, Cal. One debt is \$1000 to the American Legion.

Aub was arrested on information supplied by the Los Angeles police. His papers indicated that he was at one time president of the Thomas B. Wanamaker Post, American Legion.

Another paper showed that he had recently obtained a divorce in Reno, Nev.

OAKLAND, Jan. 25.—With the death in Chicago today of Capt. Anthony W. Aub, 32, former army flyer and said to have been a major in the New York police reserves, search for the man, who is wanted here on a charge of issuing bad checks, ended.

Aub had many friends in Oakland. Shortly after his arrival here, after he returned from overseas, according to police, he introduced himself to an official in the Oakland Bank of Savings. Representing himself as a relative of the bank official, he cashed a check for \$100 on a Reno, Nev. bank. When authorities here received word of his arrest in Chicago, officers were sent to bring the man back to Oakland.

CONFERENCE ON NEAR EAST.

Supreme Council to Call in
Greeks and Turks.

Commission to Study Euro-
pean Economic Situation.

Near Agreement on German
Disarmament.

(BY CABLE AND ASSOCIATED PRESS.)
PARIS, Jan. 25.—The Allied supreme council today disposed of, for the moment, the Greek and Turkish questions and considerable progress was made toward an agreement on measures to be taken for German disarmament.

Allied military experts this morning reached an accord in points concerning which they differed slightly yesterday. The question will be finally settled probably tomorrow afternoon, the morning session being devoted to reparations.

The conference, a day behind its schedule and will have some difficulty in finishing this week. The problem of the revision of the revision of the Sevres treaty even if all of them do not favor modifications.

Although not specifically stated that the adherents of Mustafa Kemal, Turkish Nationalist leader, will be asked to send representatives, it is assumed such will be the case, as the conflict now is between the Kemalists and Greeks.

Whether the Armenians will be invited does not appear from the information given out today. It is pointed out, however, that such course would involve complications with the Bolsheviks.

After rejecting a proposal to turn the Austrian financial problem over to the League of Nations, the council decided to appoint a commission to make a thorough inquiry into the entire question of the economic situation in Europe, with particular reference to Austria.

COMMISSION NAMED.
These representatives of the Allied countries, it was decided, will be Sir Robert Horn, president of the British Board of Trade; Louis Loucheur, France; Signor Giannini, the Italian economic expert, and probably the Ministers of Commerce of other Allied countries, including Belgium.

During the discussion in the Council today, the general opinion was developed that it was useless to try to do anything for Austria apart from the solution of the economic problems of the neighboring countries, with which Austria's future is bound to be closely connected, and the suggestion from the Austrian section of the reparations commission for an advance to Austria of \$25,000,000 yearly for ten years, guaranteed by pledges on Austria's resources, was not acted upon.

The tendency is, it appears to reflect any proposition likely to involve increased taxation for France and Great Britain. The Italian viewpoint is that Austria should not be allowed to bind herself to any particular country or group of countries through international agreements.

FIRM ON REPARATIONS.
France will insist that the German indemnity be fixed by the reparations commission, as provided in the treaty, instead of by the conference of the Allies. The British delegation is not known.

The decision of France applies only to the reparations commission fixing the total amount. The method of payment and the amount of the reparations, however, will be decided by the conference of the Allies.

BRITISH CONTROL OF
COMPANY IS DENIED.
INTERNATIONAL MERCANTILE
MARINE HEAD'S LETTER
MADE PUBLIC.

(BY A. P. NIGHT WIRE.)
WASHINGTON, Jan. 25.—A letter from P. A. S. Franklin, president of the International Mercantile Marine Company, dated November 21, stating that the British government and British interests had no control over the company, was sent today by Secretary Payne, former chairman of the Shipping Board, to Senator Jones of Washington. Senator Jones last week declared the company had not an advance made Oct. 1, 1903, not to pursue any course injurious to British trade.

Franklin's letter did not explain that agreement, but said one dated Oct. 1, 1910, directing British subsidiaries to meet the British regulation requiring British directorates for British companies under foreign control was considered an advantageous one for the corporation.

Copies of the three agreements between the International Mercantile Company and the British government were placed in the Congressional Record later by Senator Jones.

Change of Government by Violence Vetted.

Says American President Has Huge Power.

BY GEORGE S. KILDES.
(ST. LOUIS, Jan. 25.)—Said Crown Prince Rupprecht of Bavaria today whether, in view of the growth of public opinion in his favor, the strength of the conservative and royalist party, and the general desire in Bavaria for his return to the throne, he would have retired and enter public life again.

"I am a private citizen," he replied, "and as such, say that any change in the present form of government certainly can be considered only as a change of the people from their own free will express such a wish."

The idea of a change based on violence or any change not in accordance with the German constitution must be rejected. Changing the present government by violence would be criminal.

AWAITING CALL.
Further than this hint that he was waiting for a call from a majority of the German people, the Bavarian Crown Prince would not discuss the subject, but he willingly gave his views on the international situation.

I met the Crown Prince in his palace here to which he has returned temporarily from Villa Berchtesgaden, Count Lersner, the former German Ambassador to Japan, introduced me. Prince Rupprecht was extremely courteous and affable.

Quitting naturally he began the interview by discussing America.

"The world is always speaking," Prince Rupprecht said, "of American and Anglo-Saxon democracy, in contrast with German autocracy. But only very few German princes, and not even the Kaiser, had such far-reaching rights as the President of the United States. The majority of people in the German federated states have had the most democratic election rights. I favored the introduction of the general right to vote in 1918, long before the people spoke of a referendum. I have always favored economic parliaments as well as political."

FOR CONCILIATION.
The Prince spoke enthusiastically for conciliation and co-operation among the nations of the world, instead of the present hatred and distrust which he believes is growing to be the most disruptive force in Europe.

Continuing the Prince said: "The erratic principles of Bolshevism, I believe, are threatening the whole of Europe in a sad state and all the inflammable matter which had gathered, even before the war, makes an easy prey for the devouring Russian Red flame. Economically Central Europe was most seriously hurt, but actually it may be said that every nation participating in the war lost."

"It pleases certain parties to keep alive hate by making topics such as 'war guilt' and 'who is guilty?' As has been remarked, the answer is easy. Conspicuous the simple sentence, 'I am guilty, you are guilty, he is guilty, and you have the answer. Nevertheless the fact is that the first war impulse was given by Russia, which even today is at war. War is international and the consequences are international, therefore it is necessary to find an international remedy, which, I believe, lies in co-operation, reconciliation and understanding between nations."

"Otherwise, I fear times will be worse. There are nations which will be forced through starvation to attack their nearest neighbors in order to get food. The greatest danger to the world at present is from starving masses who have been infuriated by Bolshevik propaganda. Their strength must not be underrated."

AMERICAN AUDIENCES ARE REAL JOLLY LOT.

GILBERT K. CHESTERTON FINDS OUT HOW BOND ISSUES WEST OVER.

(ST. LOUIS, Jan. 25.)—Luck, the god of humor, speaks the same language in America that he does in England. The Americans are a jolly lot even if they do have prohibition—and not all of them do. This is the decision of Gilbert K. Chesterton, noted British author and humorist, who has been in America for two weeks of meeting Americans and addressing American audiences.

"The American audience I find very responsive—perhaps it would be more modest for me to say 'charitable,'" he said today, before starting West for another lecture. "I find the mass movement here much more marked than in England. By that I mean that when an audience laughs, it laughs as a whole, heartily and with spontaneity."

"I used to marvel at the way you Americans put over your Liberty loans. Now I understand. When you do things you do it with that 'all-together' spirit. It is so with your audience."

"America is making more fuss about the short skirts than Europe, but the revolt of women against prudery is almost world-wide. As for me, I can forgive any tendency toward dress which is thoroughly feminine, but those mannish creatures who wear stiff collars and the like! Heaven forbid!"

The attention of Mr. Chesterton was called to the statement of "Pussfoot" Johnson that England would go dry in ten years if New York City would enforce the prohibition laws. He shook his head.

"The trouble with Mr. Johnson," he said, "is that he knows nothing about England. True enough, if the rich of England were able to devise some means of taking the beer away from the poorer classes without giving up their own champagne, England might go dry."

Pickpocket Gets Fortune.
CORPUS CHRISTI (Tex.) Jan. 25. J. J. Sparrow, who said he represented an American steamship company with headquarters at Tampico, Mex., notified officers here today that his purse containing a New York sight draft for \$45,000 had been stolen from his pocket.

BLUE LAWS APPEAR IN ARIZONA HOUSE.

SABBATH OBSERVANCE BILL INTRODUCED; CARRIES FINES AND JAIL PENALTIES.

(PHOENIX, Jan. 25.)—Sabbath observance has been brought into the Legislature. A bill sponsored by Representative Frasier of Santa Cruz, and understood to have originated with a southern ministerial association. It makes compulsory observance of one day a week, as a day of rest, the working expected to still the fierce objection in prior Legislatures to similar measures made by Seventh Day Adventists.

The bill includes infliction of fines and of jail sentences.

A two-plant fire department bill is in the Senate committee of the whole. It is to be applicable to towns of more than 1000 population. Representative Phillips has a bill giving State validation for a Maricopa county \$14,000,000 road bond issue that has been attacked in an eastern court. The bill is stated as designed to give more confidence to the holders of the bonds. Another measure seeks to place the practice of veterinary medicine under State control the same as the practice of ordinary medicine. The House killed a measure for State disbursement of school funds to the amount of \$30 a pupil. When it was demonstrated that the pay of the House chief clerk was raised to \$10 a day. Legislators get only \$7.

LEGISLATIVE SESSION COST STATE \$52,039.

AMOUNT SAVED FROM CONSTITUTIONAL ALLOWANCE TO BE SPENT DURING RECESS.

(ST. LOUIS, Jan. 25.)—The first half of the session of the State Legislature cost the State of California \$52,039, according to a report made today by State Controller Expenditures in the Assembly totaled \$31,455.26 and in the Senate \$20,583.75. The largest item was for salaries. In the Assembly they amounted to \$17,380 and in the Senate, \$8776.

IF SKIN BREAKS OUT AND ITCHES APPLY SULPHUR.

Just the moment you apply Mentho-Sulphur to an itching, burning or broken-out skin, the itching stops and healing begins. Mentho-Sulphur is a skin specialist. This sulphur preparation, made into a pleasant cold cream, gives such a quick relief, even to fiery eczema, that nothing has ever been found to take its place.

Because of its germ-destroying properties, it quickly subdues the itching, cools the irritation and heals the eczema, right up, leaving a clear, smooth skin in place of ugly eruptions, rash, pimples or roughness.

You do not have to wait for improvement. It quickly shows. You can get a little jar of Mentho-Sulphur at any drug store. (Advertisement.)

TO CONVICT MRS. PEETE
OUT OF HER OWN MOUTH?State to Spring Surprise Evidence To-
day from Mrs. Tilton and the Man
Who Hauled Dirt to Cellar.Two big surprises in the State's
case against Mrs. Lorraine L. Peete will be
sprung in Judge Willis's court
today.The first will come from the lips
of Mrs. Marnie Tilton, formerly
friend and confidante of Mrs. Peete
during her stay at the Denton
mansion at 675 South Catalina
street.The second surprise is expected to
come from William F. Heitsman,
landscape gardener of 125 North
Broadway, the man who carried in
the dirt to the basement of which
Denton's body was buried.Although Dist. Atty. Woolwine
and Deputy Tully and Van Coot
have made strong efforts to keep the
exact nature of their surprise
secret until they are revealed to the
jury, it was learned by The Times
last night that Mrs. Tilton's testi-
mony will deal with statements and
acts of Mrs. Peete which the prosecu-
tion considers conclusive evidence
that the accused woman knew Den-
ton was dead and that his body lay
buried in the cellar beneath her at
the time she was disposing of his
property.The importance of these points,
viewed in the light of the testimony
of other witnesses and the prosecu-
tion's theory of the murder, is
(1.) That Mrs. Peete was aware
that her husband was dead.(2.) That Mrs. Peete was aware
that her husband's body was buried
in the cellar beneath her.(3.) That Mrs. Peete was aware

today for the purpose of finding the
revolver from which the shot was
fired which slew McCullough Gray-
don at Venice on September 1, last.Although cartridges were found in
the automobile in which Mrs. May-
belle Roe drove to Venice on the day
of the shooting, the revolver was
never located. Mrs. Roe is now fac-
ing a jury in Judge Houser's court

in the chain of evidence.Detective G. Contreras of the Dis-
trict Attorney's office, assisted by

courtroom. She betrays no anxiety
or nervousness. She says she did
not shoot McCullough Graydon. She
asserts that she sought to take the
revolver from another's hand. In-
cidentally, she said that during the
five months she has been in the
County Jail she has gained four-
teen pounds.DOCTOR'S EVIDENCE.
After the evidence of Autopsy
Surgeon Wagner and Dr. Charles F.
Nelson, the latter the Graydon family
physician, who described the appear-
ance of the bullet wound in the body
of the slain man, and a description
of the house at 36 Sherman avenue,
Winifred Graydon, the young widow,
began her testimony for the third
time.She told of an altercation she had
had with Mrs. Roe and Mrs. Julia
Doane, owner of the house, April 12.
The visit followed a three days' ab-
sence from Mrs. Doane to the Gray-
dons to vacate the premises. The
Graydons said they had leased the
house and asserted that the notice
was illegal.Mrs. Graydon testified she had
never seen Mrs. Roe before, but due
to her conduct in aiding and abetting
Mrs. Doane to get the Graydons out,
she declared she had said to Mrs.
Roe she would kill her if she ever
came back to the house.The result of the altercation was
that Mrs. Doane used a key to un-
lock the front door of the house and
enter it with Mrs. Roe. Mrs. Gray-
don said she protested against the
forcible entry and finally called the
police on the telephone. An officer
came, and while Mrs. Graydon was
attempting to tell the officer the cir-
cumstances, Mrs. Roe interrupted
time and time again. Mrs. Graydon
testified. Finally Mrs. Roe walked
out with the officer.Dist. Atty. Koyes led Mrs.
Graydon's testimony to the day of
the shooting when Mrs. Roe, Mrs.
Doane and Oscar A. BowersNO GAY GARTERS

A LODGER
IN CHURCH.He and Family Sang Hymns
and Prayed When Put Out,
Says Officers; Suit Follows.An unlawful detainer suit tried
by Judge J. P. Wood yesterday and
decided in favor of the Los Angeles
Presbyterian, plaintiff, revealed an
unusual story. The defendant was
Rev. W. G. Palmer, former pastor
of the Calvary Presbyterian Church.
When the Calvary and the South
Park churches combined, Mr. Pal-
mer, who was out of the pulpit, is
asserted to have entered the
church and later installed a family
in it.When this was discovered, officers
went to the church to eject the
roomers and declared the inmates
of the church prayed over them
and sang hymns. Finally entrance
was gained through the rear door
and the household goods of the
roomers were taken out. New locks
were then placed on the doors.The purpose of the suit was to

Trails Boy to
Dog Kennel in
Ranch Pig Pen.Walter Fellows, 15 years old, who
says his home is at 1641 East Forty-
fourth place, Los Angeles, was
found yesterday morning inside a dog
kennel in a pig pen on a ranch near
Pacific Beach by Otto Langer, a San
Diego traffic officer. Langer was
searching for two auto thieves when
he saw the head and shoulders of a
boy projecting from the dog house.
Clarence Rudolph, the companion
of Fellows, aged 14, was found in a
dress at 613 East Forty-fifth street,
Los Angeles, was arrested a short
time ago. The two boys were found
running away from the vicinity of a
wrecked automobile that had rolled
over a twenty-foot embankment.
The machine was taken to the county
garage, San Diego, and the boys are
being held there until the arrival of
an officer from this city. They are
charged with the theft of the car.Citrus Crop of
State Escapes
Hurt by Frost.So little has been done to the cit-
rus fruit crop so far this winter by
the storms that the California Citrus
Association, which is the authority on
the matter, has declared that the
crop is in good condition. There has
been no frost for several weeks,
and the damage by the last cold
snap was comparatively light.What damage has been done to
the fruit by the frost has been done
in the outlying districts chiefly. Earl
C. Dettell, secretary of the associa-
tion, declared yesterday. He said the
frost of this year have been no
worse than ordinary, and the fruit
growers are of the opinion that the
damage period has passed.

Because little Willie Allen, aged

honey, he was rushed from his

gency treatment by the police sur-
geon, who stated that he will prob-

tives to believe that a murder had

what the police now think.The body, shot through the heart,
was found on a bench by boys early
yesterday. Police were notified and
an investigation started. Surgeons
stated that the man died from a
single shot had been fired through
the center of his heart. No weapon
was found.For hours detectives searched for
the revolver, but were unable to find
trace of it. The wound was then
examined and many powder burns
discovered about the bullet hole. The

Recipes and Quantities of
Materials Detailed.

BY A. L. WYMAN.

While looking over the stalls in one of our large markets, I was surprised to hear a woman say that it was too bad that in a country that raised such a lot of fruits and vegetables there seemed to be nothing to be had for a reasonable price to make up a menu with something new. One of the stall owners, whom I happened to know, told me that in his stall alone there were nine different kinds of fruit and fourteen different vegetables. He also told me that the trouble with the majority of women in shopping is that they used no system; that is, they do not know what they want before they come to market.

He said that he would rather wait on twenty women each of whom has a list in her hand than on one who does not know what she wants. On my arrival home, I was informed that we could have in the way of something different, with no meat, if possible. Remembering my experience at the market, I made two menus and also a marketing list and, so there would be no mistakes, I wrote the recipes for the dishes.

MENU FOR LUNCH.
Avocado Fruit Cocktail
Fresh Tuna Maitre d'Hotel
Stuffed Cucumbers
Cabbage and Celery Salad
Hot Finger Rolls
Sliced Oranges with Coconut
Tea with Lemon Slices

MENU FOR DINNER.
Sweet and Sour Bananas
Ripe Olives, Mexican
Celery Crisp
Walnut Loaf, Tomato Sauce
Italian Squash
Baked Sweet Potatoes
Chicory and Fresh Pimiento Salad
Pear Short Cake, Lemon Sauce
The marketing list used for four people for the above menu follows: Two medium-sized avocados, nine oranges, four peaches, six lemons, four slices fresh tuna, two large cucumbers, quarter-pound, shelled almonds, four thin slices of bacon, one slice cooked ham, two heads celery, one small head cabbage, one dozen finger rolls, one pint olive oil, four bananas, six fresh pimientos, one half-pound, one-half pound can walnut meats, one bunch parsley, two pounds Italian squash, four medium sweet potatoes, two heads of chicory and two pounds ripe pears.

AVOCADO COCKTAIL.
The recipes for the new dishes are as follows: Avocado fruit cocktail: peel the avocado and cut in dice, add an equal amount of peeled and diced oranges and peaches, pour over a half cup of white grape juice, mixed with a tablespoon each of lemon juice and orange juice; serve in ice-cold cocktail glasses, set on a paper doily and garnish with small bright flowers.
Fresh tuna, maitre d'hotel: Flour the tuna steaks, fry in olive oil, move to a hot platter and spread with maitre d'hotel butter; serve with sprigs of parsley and lemon slices.
Maitre d'hotel butter: Work to a cream four tablespoons of butter, add half a teaspoon of salt, quarter teaspoon paprika, two teaspoons chopped parsley and three teaspoons of lemon juice.
Stuffed cucumbers: Peel and cut two cucumbers in three-inch pieces and, with a round cutter, or thin knife, cut out the seed section. Fill with a mixture made with a quarter of a pound of blanched and chopped almonds, four tablespoons chopped cooked ham, six tablespoons bread crumbs, one teaspoon chopped celery, one beaten egg and season with salt, paprika, and a quarter of a teaspoon of thyme. Wrap each piece of cucumber with a thin slice of bacon, tie with a string and cook in boiling salted water or meat stock until the cucumber is soft; drain, remove string, serve on same plate as the fish; pour over a little melted butter.

Cabbage and celery salad: Mix well two cups shredded celery, two cups shredded cabbage, one finely chopped pimiento, two tablespoons chopped capers or sour pickles and half a cup of cooked and dressed lettuce. Wrap each piece of cucumber with a thin slice of bacon, tie with a string and cook in boiling salted water or meat stock until the cucumber is soft; drain, remove string, serve on same plate as the fish; pour over a little melted butter.

NEW BANANA DISH.
Sweet and sour bananas: These should be prepared the day before using. Put in a piece of cheese-cloth six tablespoons of brown sugar, six whole pepper berries; tie up and place in a sauce pan with two cups of cider vinegar; bring to a boil, add one slice and chopped green pepper and three chopped banana slices; move the cheese-cloth, boil up and remove from the fire. Peel four bananas, lay in an earthen dish, pour over the boiling vinegar and pepper. Let stand twelve hours, serve cold on a grape or lettuce leaf.

Ripe olives, Mexican: Drain the brine from a pint can of ripe olives. Heat half a cup of olive oil and add one clove of chopped garlic and one teaspoon of Spanish seasoning, pour over the drained olives and let stand several hours before serving.
Walnut loaf: Mix in the following order: Two cups of bread-crumbs, one cup ground walnut meats, one cup grated cheese, one cup milk, one teaspoon salt, half teaspoon paprika, one tablespoon chopped parsley, one tablespoon chopped onions, two beaten eggs; place in a greased baking pan and bake in a medium oven twenty-five minutes; turn out on hot wires know what a delicious dish platter, cover with tomato sauce.

Italian squash: Very few housewives know the small cucumber-shaped squash, that is seen on the stalls in the better markets. To prepare this, the simplest method is to peel, cut in dice, add very little water and cook until soft; before serving add a little butter and season with salt and paprika.

Chicory and fresh pimiento salad: Remove the white part from two heads of chicory and mix with one finely-chopped fresh pimiento and four tablespoons of French dressing made with lemon juice.

Lemon sauce for shortcake: Mix three tablespoons flour with three tablespoons cold water and add two cups of boiling water; cook in a double boiler twenty minutes. Cream two tablespoons of butter with three quarters of a cup of sugar and the grated rind and juice of one lemon; pour over the hot flour mixture and stir until cool.

—A really exceptional opportunity in Bullock's Girls' Store! White wash skirts and middies—desirable for school wear—priced surprisingly low for quick disposal—on Bullock's Fourth Floor.

—The Skirts are of good quality galatea—of ample width—with full side pleats and wide hems; sizes 6 to 14 on waists; sizes 28 to 36 lengths on bands.

—The Middies are also of galatea—with patch pockets and braid trimming—are well tailored; some have fine wool serge collars and cuffs—with collars trimmed with soutache braid; sizes 8 to 22.

—About 500 Skirts and Middies are concerned. When marked so low, the entire lot should quickly leave Bullock's Girls' Store—on Bullock's Fourth Floor.

—Beautiful dark rich shades of navy blue, brown, gray; the lighter shades of tan, bisque, taupe, Aztec, oriole; combinations of two harmonious shades; and of black and various shades.

—One finds lovely Blouses of satin combined with Georgette—the shimmer of the one material coming out most effectively against the soft, unglinting texture of the other.

—There are over-blouses, heavily beaded or gay with outstanding posies of yarn or with yarn stitching. There are tie-back blouses of georgette trimmed with metal thread stitching; blouses in that youthful style which has the tie at the side-front; blouses whose yarn embroidery designs are bordered with glass beads.

—There are blouses of heavy satin and charmeuse, trimmed with gold and silk stitching, some of which have sleeves of georgette.

—If you have promised yourself a pretty Blouse to "keep company" with your new suit, you should plan especially to look at these Blouses of Extra Value at Bullock's Today—Blouse Section—Third Floor.

Autographed Volumes

of his works, which will be offered at the usual price of the unautographed books. The number is limited—Second Floor.

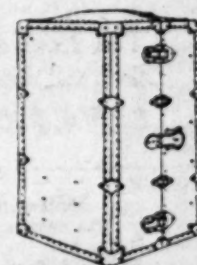

Bullock's Boys' Store Boys' Wash Suits at \$1.95 and \$2.95

—Every Suit concerned is highly desirable for appearance and durability. They are made in the up-to-the-minute models—one-piece, Junior and Middy styles—of repp, galatea, Kiddy cloth and Palmer linen; may be had in either plain colors or stripes; sizes for boys of 2½ to 10 years.

These 3 great factories

producing Foreman & Clark clothes to sell at an average profit of 56c in this big upstairs store

are lined up behind us
in our drive for square, clean clothing methods

When we started this drive toward honest value and common-sense price we knew what we were up against. We knew we would match our strength with the biggest clothing interests of the country. We knew that every means, fair and unfair, would be hurled into the fight against us. We knew that every manufacturer and retailer of clothes would do his level best to prevent Foreman & Clark from giving the public all-wool clothes, expertly tailored, and fully guaranteed, at \$25! Well—we've won. We couldn't have done it as a single store. We couldn't even have done it as a chain of retail stores from

coast to coast. But we have done it as retailers AND MANUFACTURERS! We have succeeded in making ourselves wholly independent from any factor in the clothing industry, through the establishment and operation of our own big wholesale tailor shops! And we've beaten them at that game too! Just as our retail UPSTAIRS stores have operated on a 15% (instead of 35%) overhead, we operate our factories on a 4% (instead of 30%) expense. No wonder Foreman & Clark values are turning things topsy-turvy in the clothing field!

From our own three big factories come these
F & C Suits and Overcoats
Guaranteed Greater Than Any
\$35 "SALE" Values In the City

\$25

Trade Upstairs and Save \$10

1. Coast-to coast UPSTAIRS stores.
2. \$497,568.00 saved yearly in rent alone.
3. Our own big wholesale tailor shops.
4. \$10,000,000 guarantee of satisfaction.
5. Cash business—no credit losses.

Our Guarantee! It goes a great deal farther than the average "statement of satisfaction."

We can afford to make it strong. We aren't taking any chances. We aren't backing up someone else's quality and workmanship. We're backing up our own. Foreman & Clark garments are made by our own tailors, under our own careful supervision. We check every detail of the work, stitch for stitch, seam for seam. The Foreman & Clark triple inspection system replaces the usual double or single inspection.

This means triple sureness—triple certainty of VALUE!

We can sell Foreman & Clark clothes under the broadest guarantee because we KNOW they're right.

We know that every garment will stand the test. We know the fabric in each garment and the thread in every fabric. We know the care and skill that goes into each operation. We know the many improvements in construction that give Foreman & Clark clothes greater life and longer style. There's no guesswork about it—for you or for us.

Your \$25 not only buys more clothing value here than \$35 will buy anywhere in Los Angeles, but it buys the squarest, fairest, broadest guarantee that any manufacturer ever put behind a suit of clothes.

—One of our windows today is filled with these new Spring Dresses which have just come by express from the Land of Fashion.

MOTOR OIL Secures Site for Huntington Beach Refinery

Erection of a 5000-barrel refinery, using the Timms-Buwalda cracking system, removes MOTOR OIL and REFINING from the class of speculative enterprises—places it among the foremost of sound industrial corporations—where earnings can be accurately computed in advance.

Profits from MOTOR OIL'S TEN WELLS when completed should alone be sufficient to make this security unusually attractive as to earnings—and when the enormous profits which are earned by refineries are added to MOTOR OIL, the opportunity for large and continual dividends is simply unlimited.

Now 70 Cents per Share. Immediate Purchase Will Protect Investors Against an Inevitable Advance.

Motor Oil's swift progress is forcing the stock steadily higher. We look for another advance to occur almost immediately. Our customers who order promptly will be taken care of at the present price of 70c. We urge an immediate purchase.
